

1. Read the problems and match them with the suggestions from the school councillor.

- a) How about speaking with your teachers. They could organise their schedules and put the homework on different nights of the week. Planning your time would give you some breaks, you should have some fun too.
- b) Firstly, if I were you, I would speak to your parents. They work in education so they should understand your worries. If they work in the same school as you, I am sure they will talk to your teachers too.
- c) I think you should find a 'study buddy.' Find a friend and meet up after school. You could share your notes and chat about the lessons together. This will be fun, help you with your homework and improve your confidence too.
