

1. Give four examples from the text of household items that can be recycled.

---

---

2. Put the steps in the recycling process in order. Write the numbers 1 -4 in the boxes.'

Companies buy the cubes of crushed materials and turn them into new products.

The items you put in your recycling bin get picked up by a truck and brought to a recycling plant.

The materials get separated into different piles.

Special machines crush each pile into a square cube.

3. What do the three arrows of the recycling loop show?

---
