

**Mark T (for True), F (for False) or DS (for Doesn't Say).**

- |    |   |   |    |   |
|----|---|---|----|---|
| 1. | T | F | DS | When a strong tornado hits, it will destroy the whole street.   |
| 2. | T | F | DS | Tornadoes can vary significantly in size.                       |
| 3. | T | F | DS | Tornadoes that last for weeks are less destructive than others. |
| 4. | T | F | DS | Tornadoes do not have to go over a body of water to lift fish.  |
| 5. | T | F | DS | What goes up with the tornado will eventually come down.        |
